Having Yesterday Signed a Contract.

FAMOUS THIRD SACKER

Will Officiate in Marion During Coming Season.

"The Only Arlie" is one of the Funniest Men and Best Known Figures the Game Ever Produced

Akron, O., February 12.—Arlie Latham, the famous comedian third baseman, yesterday signed to umpire in the Ohio and Pennsylvania League this year. Latham is now a referee in the Interstate Polo League. President Morton secured his signature just before last night's polo game here.

"The Only Arlie" is one of the best known figures the national game has ever produced. He won fame and fortune while playing third base for the St. Louis Browns from 1883 to 1889 under the ownership of Chris Der Ahe, "Der Bos President." Latham's fame was more on account of his coaching than playing, though he was a really great player, especially as a fielder. Arlie is still the same old boy. He attracts almost as much attention refereeing a polo game as does the game itself. Several good laughs are always on tap when Latham is to be the judge of the play.

Latham is forty-three years old. He was born in Lebanon, N. H. Asked as to his nationality, he replied: "Three-fourths Indian and one third goal-tender." Arlie played his first game with the Philadelphia team of the League Alliance in 1882. His team played a series with the Metropolitan, of New York. Al Beach was manager of the Philadelphia team. Arlie signed up with Von Der Ahe the next year. After six years of continuous service with the St. Louis Browns, from 1883 to 1889, Latham went to Chicago, of the Brotherhood League, playing there until midseason, when he signed with the Cincinnati Reds. He was a Red six years, quitting the team and the big league upon his throwing arm going wrong while the team was practicing in Dallas.

"Since quitting the Reds, I have been in every league but the Land League, and I think I'll reorganize that and make Pat Tobean president," said the Only Arlie. "Yes, indeed those were great days," mused the veteran, whose hair is now literally streaked with gray, upon his career with Von Der Ahe being recalled. "I certainly did have fun with that Dutchman, but many times it was expensive fun. Jokes sometimes drew heavy fines, and they generally stuck. I always liked to have something doing, and it was a lot of fun to get a joke off on Von Der Ahe. Poor Chris. He was a great one in his time. I saw him the last time during the World's Fair in St. Louis. I went to his saloon and found him there looking the worse for the wear, playing pousse. 'Hello, sport,' I said, slapping him on the back. 'Hello, Latham, you old monkey,' returned 'Der Boss.' We had a good tanning bee. Chris was a great old scout in his day, but a bad one to work for."

Latham umpired in the South Atlantic League last year and gave satisfaction. His home is in Savannah, Ga., where his wife and four children live. Arlie thinks of bringing his family to Akron before the baseball season opens.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NEWS OF THE LOCAL Y. M. C. A.

The book-keeping class of the Y. M. C. A. night school met in social session last night. A delicious three course luncheon was served to the members at 7:30 o'clock after which the remainder of the evening was passed pleasantly at games and social chat.

A number of new gas lights are being installed in the Y. M. C. A. gymnasium which will add a great improvement to the general equipment of that room.

The Tigers got real busy last night and by sensational bowling from beginning to end, captured three games from the Knights of Pythias team. The Tiger's first score of 227 pins is among the highest ever rolled on the local Y. M. C. A. alleys. J. Fies and H. Ruhl rolled two hundred scores in the first and second games.

The scores:—
KNIGHTS OF PYTHIAS.
H. Mickleby 142 156 163
Cleveland 155 138 144

DISASTROUS FIRE NARROWLY AVERTED

Tuesday at the Haberman Hardware Store

Quick Work with the Use of Hand Extinguishers Gets Flames Under Control.

Only the fortunate discovery of smoke issuing from the second floor of the Haberman Hardware store, by John Schneider of the firm of Beverly and Schneider, located next door prevented a disastrous fire in the former place Tuesday morning at 8:30 o'clock.

Mr. Schneider discovered the smoke in his store room and investigating the cause found that it was coming through the partition from the Haberman store. He hurried next door and informed Mr. Haberman who made an investigation and found the second floor of his store in flames. Quick work with hand fire extinguishers put out the blaze without calling the fire department and with little loss. When discovered the flames had enveloped the front part of the second floor in which was stored several crates of paper bags and other inflammable material.

The cause of the fire is a mystery as only a short time before everything in the second story appeared to be in its usual condition.

Inflammatory Rheumatism Cured in 3 Days.

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory Rheumatism in every muscle and joint; her sufferings were terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by The Double Pharmacy, Opp. Ker House.

Soph—Can you work a simple example in percentage?
Freshman—Certainly.
Soph—Well, get yourself ready. (Freshman gets paper and pencil.) Now, there was a 130-pound pig before a trough, and into that trough was poured 150 pounds of corn, two bushels of bran and four gallons of slop. Got that down?

Freshman (figuring feverishly)—Yes.
Soph (feeling)—Well, how did it

RESOLUTIONS ARE ADOPTED

By Board on Death of Prof. J. P. Jones.

HALF HOLIDAY GIVEN

Pupils of Marion Schools on Washington's Birthday

Mr. Frank Granted Three Days Vacation for Purpose of Attending National Convention at Chicago

Resolutions on the death of the late professor J. P. Jones, which occurred at Cleveland several days ago, were drawn up and adopted by the School board at its regular meeting Monday night. The resolutions follow:

"Whereas the Lord in His providence hath seen fit to call from his earthly ranks among men our friend and former co-laborer Mr. J. P. Jones, and whereas we have ever since our first acquaintance with him, recognized that he was a man of integrity, of gentlemanly bearing, of noble purposes, of true christian character and a teacher conscientious, sympathetic, painstaking and earnest;

"Therefore be it resolved; first that it is with very deep feelings of regret and sympathy for his family that we hear of his death.

"Second, that a copy of these resolutions be spread upon our minutes and published in the local city papers and sent to Mrs. Jones and her daughter."

The board discussed at some length the gas bills of the past month. One of the members was of the opinion that the January gas bill calling for \$404.90 was too high. But when the January record of last year was looked up and the fact disclosed that the bill was only \$122 higher this year with two more buildings burning gas, the conclusion was easily reached that the gas bill had only been normal and reasonable.

W. A. Ford, representing the Golden Metallic Weather Strip company of Toledo, was present and solicited the job of placing his patent weather strip on the windows of the various school buildings. The board became interested and decided to give the weather strip a trial and consequently authorized the representative to equip the two north-west rooms of the Lincoln building. The purpose of the metallic strip is to keep out the wind in the winter and dust in the summer, making a window almost air tight.

Superintendent Frank asked the measure of the board regarding the customary dismissal on Washington's birthday. Mr. Frank said that a number of the teachers had asked for the entire day.

"I move that the teachers read the 'hatched' story to the children in the forenoon and dismiss in the afternoon," abruptly remarked Mr. Dickerson. The motion was immediately passed.

The board granted a request from Mr. Frank allowing him three days vacation the latter part of this month for the purpose of attending the annual National Superintendent's convention to be held at Chicago.

Bills aggregating \$5,778.86 including the January teachers' and janitor's pay roll of \$5,000, were allowed.

Merely Personal

Mr. and Mrs. C. S. Mooney spent Sunday with Marion friends.—Gallon Leader.

Bert Nourse, of Ithaca, New York, spent Monday in the city transacting business and calling upon friends.

E. Doe Williams went to Marion Monday morning to take up his duties at the European Hotel.—Gallon Inquirer.

Mrs. Belle Robinson has returned to her home in Marion, after a few days' visit with Mrs. George Wells.—Gallon Inquirer.

A. B. E. Newell, of Columbus, visited friends in the city yesterday while enroute home from Richmond, where he had visited his mother.

Miss Nellie Bain, of Windsor street, left yesterday for a visit with relatives in DeCliffe and La Rue.

Misses George and Fred Sulder, of Marion, spent Sunday with their parents, Dr. and Mrs. A. Snider at the U. B. parsonage.—Gallon Inquirer.

Mrs. L. P. Miller, of Portland, Ore., who has been visiting her parents, Mr. and Mrs. William Bain, of Windsor street, for several

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

eral weeks, left yesterday for a visit with relatives in Shelby.

FORMING A COMBINE

Ohio, Kentucky and West Virginia Senators will Join Forces.

Washington, Feb. 12.—Senator Dick had a conference with Senator Penrose today to interest him in the movement to get additional locks for the Ohio River. Dick is forming a combination of senators from Ohio, Pennsylvania and West Virginia to boom Ohio river improvements.

The river and harbor bill, as passed by the house provides for one new lock in the river along the Ohio shore, and Dick wants three more.

Colors to the Blind.
"Have you any conception of color?" a friend asked a blind man. "What idea have you when you hear colors mentioned?"

"A person blind from birth as I have been can have no possible proper conception of color," was the reply. "The color is sound, or rather, music. When I hear the word red, for example, I instantly think of a high piercing note of music; blue is to me a delicately sounded note fairly high and pleasing in tone; green is a soft tone and rather low, quiet and restful; white yellow is lively, quick little notes rapidly sounding and causing pleasure, almost to laughter. Black alas! is the only color we can realize for we are told that that is the absence of all light, and we know only too well what that means."

Garbed Like Player Queen.
As she came into the corridor of the opera house every woman's eye turned in her direction, attracted by the curl of her head covering she wore. It looked like one of the crowns a player wears in a Shakespearean play, since it consisted of nothing but a band of heavy gold braid, of the kind known technically as "galoon," with a circular top to it fashioned of purple velvet.

Around her neck she wore a thin scarf of a shade that toned in with the color of the velvet and the final touch of Shakespearean suggestion was added when she lifted up her skirts disclosing her ankles clad in mauve silk stockings and her feet covered with a pair of sandals in mauve colored kid through the openings in which the stockings could be plainly seen.

Trying to Avoid Exposure.
Hicks—I carried my wife's umbrella with me yesterday and lost it somewhere. Now she wants to advertise it. Wicks—That's a good idea. It may be returned to her.

Hicks—That's just the trouble. I'm almost certain I left it in some saloon.
